

Nuri ACAR

Cyber Weapon Coder,
Cyber Security Advisor & Architect,
Certified Cyber Range Engineer, Purple Teamer

Profile

I am a Cyber Weapon Coder, Cyber Security Advisor & Architect, Certified Cyber Range Engineer and Purple Teamer with a background in the conservatory and audiovisual arts career.

Classical Music Conservatory background gives me effective communication, stage and presentation skills. I can turn myself into a Master of Ceremony in a minute.

I designed and conducted Cyber Warfare Exercises for Law Enforcements, Central Banks & Telecom Companies in some member states of NATO. After these exercises, I planned what needed to be done to refactor cyber security structures, reported and presented it to the executive and state levels.

I was present and lived in these countries during all of those cyber resilience determination and hardening exercises.

Work experience
